Please RSVP

This is a public meeting and we would appreciate knowing that you will attend for planning needs. Please register in advance here – <https://attendee.gotowebinar.com/register/3649212457556459094>

Public Comments

Advance PUBLIC COMMENTS for the HSRP members are encouraged by March 4, 2024 and in real-time during the webinar. The comments should address the topics of the meeting and the National Ocean Service’s navigation, observations and positioning services, data, and products. They should be no longer than three minutes and not repeat other comments. Comments will be shared with HSRP members in advance and during the meeting, and will be included in the meeting record. Please email letters, comments, and requests to be added to the mailing list for announcements to: Hydroservices.panel@noaa.gov, Virginia.Dentler@noaa.gov, Amber.Butler@noaa.gov.

Webinar

Please plan to log in at least 15 minutes in advance to allow the updates to be installed and for trouble shooting as necessary. Please register in advance for the webinar here – <https://attendee.gotowebinar.com/register/3649212457556459094>

Purpose

The HSRP is a federal advisory committee that provides NOAA with independent advice on improving the quality, efficiency and usefulness of NOAA’s hydrographic services portfolio and navigation-related products, data, and services. The HSRP advises the NOAA Administrator about its navigation (surveys and electronic nautical charts), physical oceanographic (tides and water levels), geospatial, positioning, shoreline programs, products and services.
