

HSRP meeting webinar, April 28-30, 2020, Oahu, HI

NOAA Hydrographic Services Review Panel (HSRP) Federal Advisory Committee

The public meeting will focus on issues related to hydrographic and navigation services including Hawaii and the Pacific region, sea level rise and subsidence, National Spatial Reference System and new datums for 2022, the PORTS system, mapping and surveying, and other topics. There will be special sessions, partner and stakeholder feedback, and updates from the Directors of the NOS' Office of Coast Survey, Center for Operational Oceanographic Products and Services, National Geodetic Survey, and the University of New Hampshire's and NOAA's Joint Hydrographic Center (JHC) and Center for Coastal Ocean Mapping. The HSRP advises the NOAA Administrator on matters that affect marine transportation, safe navigation, commercial shipping, ocean and coastal stewardship including restoration and resilience, coastal and marine spatial planning, geospatial data, recreational boating, Arctic priorities, and related topics.

PUBLIC COMMENTS are encouraged: You can express view points on the HSRP meeting topics during daily public comment periods. You can submit in advance via letter or email, provide in person, or send via the webinar or via email. Email with subject line "HSRP Public Comment" to Hydroservices.panel@noaa.gov, Lynne.Mersfelder@noaa.gov, and Virginia.Dentler@noaa.gov.
