

HSRP PORTSMOUTH PUBLIC MEETING

The Hydrographic Services Review Panel (HSRP) is a Federal Advisory Committee to the Administrator of the National Oceanic and Atmospheric Administration (NOAA) and will convene a public meeting on September 11–13, 2017, in Portsmouth, New Hampshire. The meeting will focus on broad issues related to hydrographic and navigation services including research, development and technology. The HSRP will receive presentations, comments, suggestions, discuss and make recommendations to NOAA on navigation related products and services.

The HSRP advises NOAA on matters that affect marine transportation, safe navigation, commercial shipping, ocean and coastal stewardship including restoration, coastal and marine spatial planning, geospatial data, recreational boating, balancing coastal intelligence and coastal resilience, emerging Arctic priorities, and other topics.

Stakeholders are encouraged to express view points to the Panel members and NOAA at the public comment periods during the meeting, as well as in advance or afterwards via email to Hydroservices.panel@noaa.gov with the subject line *Provide HSRP Comments*.
