

NOAA HSRP meeting webinar, September 23-24, 2020

NOAA Hydrographic Services Review Panel (HSRP) Federal Advisory Committee

The meeting will focus on issues related to hydrographic and navigation services including topics affecting the NOS' Office of Coast Survey, Center for Operational Oceanographic Products and Services, National Geodetic Survey, and the University of New Hampshire's and NOAA's Joint Hydrographic Center (JHC) and Center for Coastal Ocean Mapping. The HSRP advises the NOAA Administrator on matters that affect marine transportation, safe navigation, commercial shipping, ocean and coastal stewardship including sea level rise, restoration, resilience, flooding and inundation, coastal and marine spatial planning, geospatial data, recreational boating, Arctic priorities, the National Spatial Reference System, the PORTS® system, tides and currents, mapping and surveying, and related topics. This meeting will focus on the development of ocean and coastal mapping implementation plans for NOMECEC, *"Establishing a National Strategy for Mapping, Exploring, and Characterizing the U.S. Exclusive Economic Zone, June 2020"*, and *"A Strategy for Mapping the Arctic and Sub-Arctic Shoreline and Nearshore of Alaska, June 2020"* or the Alaska Coastal Mapping Strategy (ACMS) and precision marine navigation in limited visibility and fog.

PUBLIC COMMENTS are encouraged by Sept 15, 2020: The comments should address implementation plans for the 2 ocean and coastal mapping strategies and other HSRP topics. The comments will be shared with the HSRP members and included in the meeting record. Please email letters and comments to: Virginia.Dentler@noaa.gov, Melanie.Colantuno@noaa.gov, and hydroservices.panel@noaa.gov.

- 1) NOMECEC or *"Establishing a National Strategy for Mapping, Exploring, and Characterizing the U.S. Exclusive Economic Zone, June 2020"*; including: *Section 1.2: Develop an Implementation Plan for the National Strategy.*
