

SOST COASTAL RESILIENCE WORKSHOP

Overview

The Subcommittee on Ocean Science and Technology (SOST) is hosting a Federal-only interagency workshop to share and discuss Federal activities and coordination related to coastal resilience. The goal of this exploratory workshop is to scope the current field of work, educate Federal colleagues on areas of similar interest, align ongoing and future collaboration and coordination, identify coastal resilience NOPP topics, and reduce duplication of effort.

Pre-Workshop Orientation Briefing

Welcome remarks from SOST Co-Chairs, general overview, and opportunity for questions to prepare for the workshop

When: Tuesday, January 12, 2-3 PM EST

Registration: https://nsf.zoomgov.com/meeting/register/vJltc-urqDwjGzoBykJMCHjOKqAziO6s_6l

Coastal Resilience Workshop

Interactive four-hour discussion focused on gaps and opportunities and shaping recommendations for improved interagency coastal resilience coordination

When: Tuesday, January 26, 1-5 PM EST

Registration: https://nsf.zoomgov.com/meeting/register/vJlsc-iprzMsGbTxyVPEMYMUdd_FsVp9g4

All Federal employees and contractors are welcome to participate!

For questions, email Stacy Aguilera at saguiler@nsf.gov
