

ArcGIS Pro

Training resources to transition to ArcGIS Pro

ArcGIS Pro will be a different experience from ArcMap for MCD Cartographers. ArcGIS Pro will introduce a project-based file structure, new terminology, new tools, applications, and capabilities. Functions and commands are accessed using a ribbon-style interface.

The following are examples of resources available to help users migrate from ArcMap to ArcGIS Pro. Search for ArcGIS Pro at <https://www.esri.com/training/catalog/search/>

- ArcGIS Pro Fundamentals (courses)
 - ArcGIS Pro: An Introduction video 41 Minutes Free
 - ArcGIS Pro Basics 50 Minutes Free
 - Managing Map Layers in ArcGIS Pro 1 Hour e_Learning
 - Querying Data Using ArcGIS Pro 30 Minutes e_Learning
 - Integrating Data in ArcGIS Pro 1 Hour e_Learning
 - ArcGIS Pro Terminology Guide 6 Pages Free
 - ArcGIS Pro Implementation Guide 10 Pages Free
- Migrate to ArcGIS Pro (courses)
 - Migrating to ArcGIS Pro from ArcMap 1 Hour Free
 - Getting Started with ArcGIS Pro 5.5 Hours Free
- ArcGIS Pro: Tips and Tricks Video 40 Minutes Free
- ArcGIS Pro Editing Essentials 1 Hour e_Learning
- Editing Basics in ArcGIS Pro 2 Hours e_Learning
- Getting Started with the Geodatabase 3.3 Hours e_Learning
- Maritime Extensions/Nautical Solution TBD
- MCD-led training TBD

Users will need an ArcGIS Online account. For the e_Learning courses, you will need to sign into the organization's URL at [NOAA.maps.arcgis.com](https://www.esri.com/training/catalog/search/) with your CAC.
